GOVERNMENT ACTS TO HALT RAIL STRIKE

President Wilson Appoints Railroad
Labor Board Which Will Begin
Investigation Tomorrow

CABINET MEETING CALLED

Attorney General Seeks List of
Strikers and Men Responsible
For Directing Walkouts

MAY INVOKE THE LEVER LAW

Senator Cummins Believes Men Will
Return to Work While Inquiry
is In Progress

(By United Press.)
Kansas City, Mo., April 13.—
Spread of the "outlaw" switchmen's
strike further in the west may be
stopped today on action expected to
be taken by the representatives of
more than a million railroad shop-
men, and clerks attending the con-
vention of the railroad department
of the American federation of labor
here today.

Washington, April 13.—Executive
officials of the government today
acted to halt the "outlaw" strike of
railroad men.

President Wilson appointed the
railroad labor board which is ex-
pected to start investigation of the
strike as soon as it can be organi-
zed.

Wilson also called a cabinet meet-
ing for tomorrow at which the
strike situation is to be discussed.

Attorney General Palmer wired
presidents of the Pennsylvania and
New York Central railroads asking
them for a complete list of strikers
and the names of the men believed
responsible for direction of the
strike. Palmer's action was regard-
ed as the first step toward invoking
criminal action under the Lever law
if it becomes necessary.

Before the railroad labor board
can operate, it must be confirmed
by the senate.

The nomination of the members
of the board reached the senate
shortly after noon and was referred
to the interstate commerce commis-
sion.

Senator Cummins said he hoped
the board would be confirmed by to-
morrow at the latest.

When it is confirmed it can im-
mediately begin investigation of the
"outlaw" railroad strike on its own
motion. It has full power to sub-
poena witnesses and demand records
and papers which bear on the case
under investigation.

If the investigation is started
promptly, Cummins said he believed
the men will return to work while
the inquiry is in progress.

ALL ENGAGEMENTS TO SPEAK ARE CANCELLED

Gen. Wood Gives up Leave of Ab-
sence For Campaign on Ac-
count of Strike Situation

RESUMES COMMAND TODAY

(By United Press.)
Boston, April 13.—Major General
Leonard Wood has given up his
leave of absence from his office to
fill speaking engagements in behalf
of his nomination for president on
the republican ticket. It was an-
nounced today at Wood's campaign
headquarters here.

General Wood resumed his duties
today as commander of the central
district of the army.

Wood was given a three months
leave in which to tour the country
speaking in his behalf for the re-
publican nomination for president.

His leave of absence is not sched-
uled to expire until early in June.
General Wood has given up his leave
of absence because of the critical
situation brought about by the rail-
way strike, it was announced.

PROSECUTION IS ORDERED

House Passes Resolution Calling For
Action in Camp Scandal

(By United Press.)
Washington, April 13.—By a vote
of 297 to 4 the house today passed
the resolution calling upon Attorney
General Palmer to start grand jury
investigation and the civil suit to
recover the losses alleged to have
been caused by the cost plus system
of building army camps.

The resolution also gives to At-
torney General Palmer all the evi-
dence collected by the house sub-
committee on camps and canton-
ments which claimed losses amount-
ing to more than 30 percent of the
total cost of the camps.

SPREAD OF OUTLAW STRIKE IS CHECKED

Strike Situation Marked by Ces-
sation of Reports of Walkouts
of Any Consequences

STRIKERS ARE RETURNING

Industries Begin to Feel Effects Ser-
iously, Many Begin Compelled
To Shut Down

(By United Press.)
New York, April 13.—The first
break in the strike of "outlaw"
railway workers in the New York
district came today when switchmen
and yardmen in the New Haven
yards returned for duty today.

The return of the workers enabled
the New Haven railroad to replace
the New Haven service immediately on
about a 90 percent normal basis af-
ter two days of practically complete
suspension.

Announcement was also made by
that road that limited trains would
run on the regular schedule both
from New York and Boston.

Spread of the "outlaw" strike of
railroad workers apparently was
checked today.

After its rapid growth throughout
the country, the strike situation was
marked today by cessation of re-
ports of walkouts of any conse-
quences.

Independent conferences were
held in many places in an attempt to
reach a settlement. Strikers were re-
ported returning to work in Chicago
and other railroad centers.

Federal investigation of the strike
by the department of justice was
under way in railway centers and
Attorney General Palmer was re-
viewing the situation.

Industries were feeling the effect
of the strike seriously. Many plants
cut off from their fuel supply, were
closing down today, throwing hun-
dreds of thousands of employees out
of work and causing millions of
dollars loss.

The places hardest hit were De-
troit, Mich.; Gary, Ind.; Illinois Min-
ing field, St. Louis and Chicago.

For eight days the Gary steel
mills received no car load of coal,
and because of the strike millions of
employees were thrown out of work.

GERMANS ARE WITHDRAWING

Report They Are Leaving Ruhr Dis-
trict Confirmed in Paris

(By United Press.)
Paris, April 13.—The Germans
here today confirmed reports that
the evacuation of the Ruhr district
by the Reichwehr troops had be-
gun. Troops were leaving the Ruhr
peaceful districts today, the Ger-
mans said.

Withdrawal of the troops will be
continued until the number is re-
duced to that provided by the Aus-
tust protocol agreement, which al-
lows the German government to keep
a certain number of the troops in
the Ruhr basin for police duty.

FORMER EMPRESS ILL

Berlin, April 13.—The former em-
press of Germany is ill at her re-
sidence in Holland and her death is
expected shortly, the German news-
papers announced today.

SALVATION ARMY DRIVE MAY 10-20

Rush County's Quota in The Annual
Home Service Campaign is Fixed
at \$3,000.

COVERS ALL FUNDS FOR YEAR.

Also Possibility of Call Being Made
For \$4,000 More to Make Local
Improvements

Dates set for the next drive for
the Salvation Army Home Service
campaign for this year will be May
10-20. The nation's quota will be ten
million dollars. Last year the quota
was \$13,000,000 and was oversub-
scribed by several million dollars,
which has made it possible to make
the drive a few million less this
year than last year. The quota for
Rush county will be \$3,000, the same
as last year.

This is due to the fact of the sal-
aries of officers have been increased
and to the advance of the general
work of the local corps. This fund
of \$3,000 will include all funds for
the year, the harvest festival fund,
which is for home missionary work,
and also Christmas and winter relief
work and all other activities of the
local corps.

There is also a possibility of a
call being made for four thousand
dollars more for local improvement.
The local branch of the Salvation
Army has never had permanent
headquarters for their offices and
have had no place to put strangers
who wander into the city and have
no place to remain for the night.

This sum will also include the buying
of a lot at the southwest corner of
First and Pearl streets, the moving
of the church from its present loca-
tion and putting in a basement which
will be used exclusively for the
young peoples work. This branch of
the local work has made an increase
of 200 percent and the present accom-
modations are too small to accom-
modate the young people and senior
work.

It is anticipated the local branch
of the Elks lodge will have charge of
the work but is not definitely known
as yet.

ACTION ON PETITION OF KELLERS HELD

Judge Sparks Hears Petitioners But
Defers Decision Until Mrs.
Hough Can Be Here

SHE WAS IN NEW YORK CITY

Action was deferred in the peti-
tion filed yesterday by Otto Keller
and Dr. Amelia Keller of Indianapo-
lis, who requested the court here
to modify the order and release
them from responsibility of caring
for the two children of J. Guy
Haugh and his divorced wife, Mar-
garite Haugh, who were divorced
in this court last May.

The two petitioners, accompanied
by J. Guy Haugh and Mrs. Otto Kel-
ler, were here this morning, when
the matter was to be taken up by
Judge Sparks, but because of the
failure of Mrs. Haugh to arrive, the
matter will be carried over until a
future date. Mrs. Haugh, it was
learned, was in New York City, and
did not arrive in Indianapolis until
ten o'clock this morning, and as fa-
ther of the children concerns her as
much as anyone else, Judge Sparks
did not wish to render a decision in
her absence.

Dr. Keller and her brother-in-law,
Otto Keller, each told the court this
morning their side of the story,
which will not necessitate them com-
ing here again. Each stated that
Mrs. Haugh annoyed them frequent-
ly, and interfered with the manage-
ment of the two children. About an
hour was taken in hearing their evi-
dence this morning.

HARDING PLANS TO BE AT RICHMOND

Managers for Johnson and Wood
Also Making Effort to Have
Them at Love Feast

WATSON TO PRESIDE AT NIGHT

Three Candidates For Governor Ar-
range to Attend—Rush County
Republicans Going

Richmond, Ind., April 13.—Repub-
licans of Wayne county are arrang-
ing for an unusual political rally on
Tuesday, April 20. They will enter-
tain the Sixth district Republicans
at a love feast to which all the
candidates for state office and all
the candidates for president have
been invited. Already all three of the
candidates for governor have defini-
tely arranged to be present, and
Senator Harding of Ohio, candidate
for president will come.

It will be impossible for Gov.
Lowden to be present but the man-
agers for Gen. Wood and Hiram
Johnson are making every effort to
have their candidates at the meet-
ing.

Senator James E. Watson will
preside at the meeting at night which
will be held in the Coliseum, with a
seating capacity of over three thou-
sand. Particular attention will be
paid to out of town Republicans so
that they may be assured of good
seats.

The candidates for governor will
likely arrive here in the morning,
and spend the entire day. Headquar-
ters will be maintained by all can-
didates at the Westcott hotel where
they will meet their friends and
workers.

Women will be especially welcome
at the meeting, and in the afternoon
a reception will be held for the
women at the Westcott hotel, at
which time they will have opportu-
nity to meet all the candidates pre-
sent.

It is most unusual for candidates
to meet in the heat of a campaign on
the same stage, and for that reason
the meeting is attracting great at-
tention, and the committee in charge
is already assured of a large atten-
dance from over the district.

All candidates are to be given
equal opportunity to be heard, and
the time of speaking will be chosen
by lot. The Wayne County Republi-
can Committee is backing the
project and they have labeled it a
"harmony meeting."

BLOWOUT CAUSES CAR TO UPSET IN DITCH

Five Occupants of William Dugan's
Machine Slightly Hurt in Ac-
cident Sunday

NORA MCCOY INJURED WORST

An automobile accident happened
Sunday at noon in which five occu-
pants narrowly escaped serious in-
jury, when a Ford touring car driven
by Will Dugan of this city, turned
completely over, pinning the oc-
cupants underneath, and bruising all
of the passengers. Mr. Dugan was
driving north toward Knightstown,
and was near the Knightstown hill,
when a tire blew out, causing the
machine to turn completely over.

The occupants in the car were
Mr. and Mrs. Dugan and daughter
Frances and the Misses Marie and
Nora McCoy, all of this city. Miss
Nora McCoy was probably injured
worse than anyone, as she suffered
a broken rib and a severe gash in
her head. Mrs. Dugan suffered a
sprained back and all of the occu-
pants were severely shaken and
bruised.

Mr. Dugan lost control of the
machine when the tire blew out, and
it was ditched and overturned. The
party was taken on to Knightstown
where medical treatment was given
and all of them were brought home
Sunday night, with the exception of
Mrs. Dugan, who remained with her
daughter, who lives in Knightstown.

COLOR MAN IS RELEASED

William Bass Keeps Child in School
After Warning

The case of William Bass, color-
ed, of Carthage who was charged
with keeping a 13-year-old child out
of school, was continued yesterday
in Squire Stech's court, when it
was found that the child had only
been absent one day since he was
notified to keep the child in school.
The colored man stated that he and
his family were in destitute circum-
stances and that prior to receiving
the notice warning him to keep the
boy in school, the boy was the fam-
ily's only support, and was driving
a dray in Carthage. The colored man
said that the township trustee has
failed to provide when he needs
help, and the court promised to aid
him in getting help, but instructed
him to give the boy an education.

BOAZ DEMAREE GOES ON TRIAL

First Man Arrested in Alleged Gang
of Thieves Will be Tried Wed-
nesday in Circuit Court

SPECIAL VENIRE IS DRAWN

Judge Fremont Miller Will be on
Bench and Case Attracts In-
terest of Eastern Indiana

Boaz Demaree goes on trial to-
morrow in the circuit court, being
the first of the defendants to face
the charge of conspiracy since the
confession of his brother Jesse De-
maree, which was made several
weeks ago.

Jesse Demaree is still in jail here
awaiting the future trials, as his
testimony will probably be used
against some of the other defend-
ants. It was agreed upon when he
made his confession, that he would
be given the minimum fine if he
would tell everything that he knew,
pertaining to the case.

At that time his charge of first
degree burglary, which carries with
it a sentence of from ten to twenty
years, was changed to conspiracy,
and he was given a sentence of from
two to fourteen years in the state
prison.

Boaz Demaree was the first per-
son to be arrested in the unravelling
of the mysteries pertaining to the
gang of robbers, which Jesse De-
maree has confessed to. His arrest
was brought about largely through
the efforts of the Big Four detective
force, as they had obtained much in-
formation from Cary Wayne, a
brakeman for the railroad company,
who was also implicated in several
of the robberies, but was promised
his freedom if he would tell every-
thing.

It is said that nothing could ever
have been learned about the gang of
robbers, if Wayne, had not con-
fessed, and because he led the auth-
orities in the right path, he will be
immune from punishment.

On August 22 of last year, the
residence here of Dr. D. H. Dean
was entered while the family was
spending a vacation in the north.
Over \$500 worth of silverware, jew-
elry, table linen and clothing, was
taken, and no one was left, and the
authorities were puzzled as to what
course the robbers took.

Later, in November of the same
year, the hardware store owned by
Sharer and Moore of Carthage was
robbed, and another mystery was
unsolved. In the meantime, freight
cars in the yards at Greensburg and
south of this city was continually
being entered and large quantities
of merchandise was being stolen.

On one occasion a 40 gallon bar-
rel of whiskey was stolen, and it is
said that the railroad detectives
were almost baffled, until they found
that some of it was being sold in
Bushville, and their work began here
to follow up the source from which
the supply was being obtained.

The detectives had frequently sus-
pected several Greensburg men, and
had watched closely the operations
of several of the Demaree brothers.
One day this winter a Greensburg

B. L. M'FARLAN IS DEAD AT HOME HERE

Civil War Veteran, Who Was Lead-
ing Figure in Republican Pol-
itics, Expires Tuesday Night

SERVED IN MANY POSITIONS

Following War He Was Commis-
sioner, Sheriff, Councilman, Post-
master and County Chairman

Benjamin L. McFarlan, civil war
veteran, former county sheriff and
postmaster of Rushville, died last
night about six o'clock at his home
825 North Morgan street, after a
prolonged illness.

Mr. McFarlan had been in a criti-
cal condition for some time, hav-
ing been confined to his bed for
twelve weeks previous to his death.
He was in failing health for two
years or more. The age of the de-
ceased was 75 years.

Mr. McFarlan was a native of
Ohio but the most of his life was
spent in this section of Indiana. He
led a very active life and following
the civil war, in which he served for
four years, Mr. McFarlan was a
leading figure in republican politics
in this county.

He served as county commis-
sioner, city councilman, chairman of the
republican county central com-
mittee, county sheriff and postmaster at
the Rushville office.

Mr. McFarlan enlisted when only
sixteen years of age in Company E
of the Seventh Indiana and served
out the enlistment of three years.
He then returned to the army with
the Twentieth Indiana Infantry and
remained until the end of the war.

The deceased was born in Trum-
bull county, Ohio, on October 14,
1844. He was the son of James and
Sarah J. McFarlan. His father died
while he was yet a boy and Mr. Mc-
Farlan came to Indiana in 1853 with
his grandparents. He was living in
Milford, Deatur county, when the
war broke out, but after the conflict
he located in Anderson township,
Rush county, and on August 30,
1866 he married Miss Susan E.
Woods, daughter of Benjamin and
Mary Selby Woods.

Mrs. McFarlan died in 1911 and
their only child, Miss Alice May
McFarlan, drowned July 12, 1905, in
Big Blue river near Morristown
while on a Sunday school picnic.

While yet a resident of Orange
township, Mr. McFarlan was elected
to the board of county commis-
sioners.

SUPERINTENDENTS OF STATE ROAD NAMED

Will Redman Has Charge of North
Section and Cecil Major of
Milroy South Section

REDMAN RECEIVES A TRUCK

Superintendents of the road be-
tween Greensburg and Dunreith,
passing through Rushville, which has
been taken over by the state high-
way commission, have been selected
and one of them has already begun
work maintaining the road.

Will Redman of this city was ap-
pointed for the section of the road
running from Rushville to Dunreith,
where it connects with the National
road, and Cecil Major of Milroy,
from Rushville to Greensburg. Mr.
Redman has already received an
army truck and Leslie Trobaugh has
been employed to drive it. Mr. Major
only lately has been notified of his
appointment and has not yet been
equipped with a truck and driver.
The trucks were divided among the
states having highway commissions,
by the war department, to be used in
maintaining state roads.

The north section of the state
road follows the old Fort Wayne
road to Mays and thence north to
the National road. The south section
follows the Winship pike to the
road running through Milroy, turns
east to the first road, then south to
the county line. From there it runs
west to old Williamstown and then
straight south into Greensburg.

STAGNATION AT HOG MARKET CONTINUES

Very Little Trading in Indianapolis Today Due to Strike—Embargo on Truck Shipment

GRAIN CONTINUES STRONG

The stagnation continued at the Indianapolis stock yards today due to the railroad strike. Trading was especially light due to an embargo being placed against receiving further shipments of live stock in the truck division by the Belt Railroad and Stock Yards company. A few light hogs sold for \$13 to small packers. New receipts amounted to 400 and 3,500 were carried over. Cattle were steady and there were no sheep. The grain market continued steady.

ECONOMICAL FEED FOR BEEF

As Silage Becomes Better Known Feeders Will Better Appreciate Its Feeding Value.

There is no doubt but that silage is an economical feed in the beef-cattle ration and as its value becomes better known feeders will better appreciate its merits. In spite of the fact that it is an unbalanced feed itself, it can be fed with one of the highly concentrated feeds, such as oil meal or cottonseed meal, and makes a ration which is surely hard to beat in fattening cattle.

CARE OF EWE IS IMPORTANT

Machines Through Which Lamb Will Obtain Qualities to Enable It to Top Market.

What is done for the lamb is not so important as the care and liberal feeding of the ewe. The ewe must be regarded as the machine through which the lamb will obtain the qualities that will enable it to top the markets.

LIVE STOCK NOTES

It is very essential that ewes should be properly fed.

A self-feeder can be used to excellent advantage for fattening hogs and pigs.

Better live stock aids the breeder both in direct returns and by giving a locality a favorable reputation.

In the cold months many farmers fail to give the stock enough salt. Salt is a vital part of each animal's ration.

NEED QUALIFIED SHEPHERDS

Important That Sheep Raising Be Encouraged Where Conditions Are Suitable for It.

(Prepared by the United States Department of Agriculture)

"I am not convinced that a general campaign to increase the number of small-farm stocks of sheep is thoroughly wise unless the field for such an effort is first prepared," said Dr. J. H. Mohler, chief of the bureau of animal industry, in an address before the More-Sheep-More-Wool association. "There must be established a popular understanding of principles which experienced sheepmen are likely to take for granted."

"With dairy herds we find that best methods of production seldom prevail when only a few animals are kept. The owner of a very small herd is not often interested in better breeding, feeding or disease control. He is not a dairymen. But when he has a herd of a dozen cows or more he becomes a real asset to a great dairy business."

"So with sheep. We must aim, it appears to me, not so much for an increase in the number of flocks as an increase in the number of sheep kept by men who are real shepherds or have the qualifications and desire to become shepherds. Nor should we forget that farmers in general may not be versatile enough to add a profitable

flock of sheep to their present live stock. It is, therefore, important that sheep raising be encouraged chiefly where the land and other conditions are suitable for it."

MANY ASSOCIATIONS FORMED

One of Purposes Is to Eliminate Scrub Sires and Replace Them With Purebreds.

Fifty-nine live-stock breeders' associations, with a reported membership of 1,524, were organized during the last fiscal year with the help of the United States department of agriculture extension specialists. In addition numerous calf clubs were organized among the boys and girls. Much of the work is being done in regions where the beef-cattle industry is practically new.

One of the purposes of beef-cattle extension activities is to eliminate scrub bulls and replace them with purebreds of good quality. The federal workers co-operate with the state agricultural colleges through their extension divisions and particularly with county agents.

SILAGE FOR LITTLE CALVES

Heavy Ration Fed to Young Animals Has Tendency to Cause Repeated Scouring.

Young calves under a year old do not benefit from a heavy silage ration, because on such young animals it has a tendency to cause repeated scouring. It can, however, be satisfactorily fed to calves between six months and one year old, provided it is limited to a small part—say not more than one-third—of the weight of the entire ration.

MEET THE DE VEYRA FAMILY!

They Are Putting the Philippines on the Map in Washington

Hon. Jaime C. de Veyra, Who Has Just Been Re-elected as Philippine Commissioner to the U. S.

Mrs. Jaime C. de Veyra. She Is Doing Important Work for Her People in America.

THE CHILDREN OF THE PHILIPPINE COMMISSIONER. The Baby of This Group Speaks Three Languages—Visayan, Spanish and English.

Permit us to present the De Veyra family.

The Hon. Jaime C. de Veyra is the Resident Commissioner from the Philippine Islands to the United States and has just been elected to a second term of three years. As Resident Commissioner he has a seat on the floor of the American Congress, the privilege of taking part in debates, although no vote.

Commissioner de Veyra has an interesting wife and four bright Filipino kiddies. The De Veyra family, individually and collectively, constitute the best argument as to the tact and capabilities of Filipinos that the Philippine Islands have in Washington.

The commissioner is a 100 per cent Filipino, a Visayan, and is one of the foremost leaders of the party in power in the islands. During American occupation he has been successively governor of his province, member of the Philippine legislature, cabinet member and executive secretary of the islands.

Like many statesmen of the Philippines, he was originally a newspaper man. He was one of the founders of El Nuevo Dia of Cebu, the first Filipino paper published advocating Philippine independence. The paper came under the censorship of General McArthur, and on the appearance of the first number the editors were left in the singular position of seeing every prominent article blue penciled.

Mrs. de Veyra, like her husband, is a "five wire" in the Philippines' cause. She is the best known Filipina in America. She is an interesting public speaker and is constantly giving illustrated lectures at women's clubs and other gatherings. Mrs. de Veyra is a publicity bureau all in herself and has put the Philippines on the map, so far as the women folk of Washington congressional circles are concerned.

"I find that the Filipino people have been much misrepresented in the United States," says Mrs. de Veyra. "I do not mean to infer we are perfect, for we are not. My people have most of the defects, I suppose, that other humans have, but at the same time we are far from the people that many Americans have been made to believe. Not only are we a Christian people, but our race has a history that we are not ashamed of. Throughout the Philippine Islands the people are now working earnestly to improve themselves and their conditions so they will be prepared to take over their own affairs. We all love America for giving us a chance to help ourselves and for having promised us our independence, which is one of the dearest desires of the entire citizenship of the islands."

To American women whose ideas of Filipinos have been founded on Sunday supplement descriptions of wild tribes, Mrs. de Veyra's gentle manner and evident culture have been a revelation. She is sought by women's clubs because of her charming manner as an inappreciable speaker on the subject nearest her heart—the women of her country.

At a recent Washington gathering she gave in perfect English a concise account of the work of a woman's club in Manila which supplies milk to the babies of the poor and trains mothers to care for their young children. She told of another woman's club which has branches all over the Philippine Islands and which maintains day nurseries for the children of the working women, provides Christmas cheer for the lepers, the insane and the convicts, and gathers data to influence legislation for the benefit of Filipino women and children.

The four little De Veyras, shown in the picture, having attended the public schools in Manila, slipped right into the same grades in the schools of Washington. Even little Mary, the baby of the family, speaks three languages—her native tongue, Spanish and English.

TIME TO CONSIDER—

What Shall Your Windows Say This Spring?

Yes, indeed, windows do a lot of talking about every home—not the wooden cases, of course, but the draperies that your neighbors look at every day and which are seen by the people who pass by.

By a glance at the windows you know the well furnished, well kept home, and it is the window draperies—the curtains particularly—that tell the whole story to the folks outside.

During Home Craft Week (April 12 to 17) we are making a display of window lace and other drapery materials that will help you to decorate your windows so they will tell the right story of your home.

You will also be interested in our displays of the latest styles in window dressing.

CLASS OF 67 IS INITIATED

Many From Here Attend K. of C. Meeting at Greensburg

About 45 people from this city and county attended the all day meeting of the Knights of Columbus lodge which was held Sunday in Greensburg, when a class of 67 candidates were initiated, several of them being from Rush county. More than 600 visitors attended the all day meeting, and the program began at 9:30 Sunday morning. The degree work was conferred by the Batesville and Ludlow, Ky., teams. Visiting priests from every Catholic church in this vicinity were on hand and each made short addresses, the Rev. Father Francis Schaub of the local church being among those present. The 67 candidates were furnished by lodges in this part of the state, and among those from Rush county that were initiated were Joseph Gulde, Charles Schwendeman, William Dausch and John Mesling.

Basketball in High School

The methods which have been followed by Indiana high schools during the basketball season will have to be changed or the sport will be seriously injured or entirely killed. The large number of games played, the long season and the strenuous invitational, district and state tournaments are all things which will have to be corrected if the game continues in Indiana high schools.

Otherwise school officials are going to begin hearing complaints from parents who will object to their sons going through the grind of a basketball season. Already the rumblings are being heard and the wise school official is the one who will see that the number of games during a season is reduced and that the tournaments are lengthened so that it will not be necessary for a player to participate in so many games in a day.

Many Indiana high schools last season played a schedule of thirty or more games. This is all out of reason because there is danger not only of the high school boy being hampered in his school work, but his health may be impaired permanently. In comparison with the high school schedules, the average Indiana college does not play more than fifteen games during a season. It should be the reverse, if any team is to have a thirty-game schedule, because college players are more mature and can stand the strain and a strenuous season better than the youngsters who make up the high school fives.

Parents are more likely to object to so many games being played because of the danger of damaging the health of their boys. While basketball is a splendid sport—in fact, the best in which high schools ever engaged—there is such a thing as overdoing it, which will eventually damage it to such an extent that it will pass into the oblivion of high school sports, as football has done. Football withstood the censure of

parents as long as it could endure, and finally had to be abandoned in the high schools. It appears that the tournaments of all classes could be arranged with the view of lessening the strain on the players. It requires remarkable endurance to go through what a winning team or a runner-up in a tournament has to stand. It is stated on good authority that the players on one high school team in this part of the state lost an average of fifteen pounds each during the last season. This is a condition which should not exist. Basketball, anyway, like any other sport, is secondary to school work and if it conflicts with the regular course of study, it should be made less strenuous—and it will retain its popularity through many years to come.

When you see the wind blowing a dirty piece of paper along the street, do a little thinking. Many people are careless every day, or the rubbish of various kinds would not be littering our streets and our alleys and our highways from day to day. Carelessness breeds filth—filth breeds disease—disease leads to sickness and death. If every person would use more precaution in the matter of community sanitation we would have less sickness, longer life, and greater happiness. None of us may ever hope to be perfect, but we are all open to improvement in one way or another.

With a mighty sigh of relief we see the coal man departing for a few months of respite, and with a groan of apprehension we see the ice man looming up to take his place.

Regardless of the fact that we have national prohibition, many people have wet goods in their cellars—after a hard rain.

To be perfectly happy a man should have a "den" in his home. It should be heat-proof, cold-proof, sound-proof, kid-proof, wife-proof, and fireproof. Yes, he would be some happy.

The bright star of hope shines steadily before us all, but we never see it so long as we keep our eyes glued to the ground.

My appetite improved, my strength came back so I am not only taking care of my household duties, but direct the management of two large farms. I tell all my friends to use Vinol when they need strength."—MRS. MARTHA SICKLES.

Women who are run-down, nervous, lack energy and working strength should take Vinol as it contains Beef and Cod Liver, Peptones, Iron and Hypophosphites, the very elements needed to restore a lost appetite, enrich the blood and create strength.

THE REXALL STORE

ONE CENT SALE!

Thursday, Friday and Saturday
April 15th, 16th, 17th

WHAT IS A ONE-CENT SALE?

It is a sale where you buy an item at the regular price—then another item of the same kind for 1 cent. As an illustration: The standard price of Rexall Tooth Paste is 25c. You buy a tube at this price, and by paying 1c more, or 26c, you get two tubes. Every article in this sale is a high class, standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING!

This sale was developed by the United Drug Company as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1 cent. It costs money to get new customers, and the loss taken on this sale will be well spent if the goods please you.

"Your Money's Worth or Your Money Back"

The War Mothers will meet tomorrow afternoon at the home of Mrs. Wade Sherman in North Harrison street. All the mothers are urged to attend.

The Young Ladies of the St. Mary's Catholic church will give a euchre card party in the K. of C. hall in West Second street Thursday night, to which the public is cordially invited to attend.

Mrs. Jabez Winship was hostess for the members of the Coterie yesterday afternoon at her home in North Morgan street. Fifteen members were present for the meeting. A unique guessing contest furnished the amusement for the afternoon. During the social hour dainty refreshments were served.

Mr. and Mrs. Charles Beebe entertained with a dinner party Sunday at their home south of Rushville. The guests were Mr. and Mrs. Tom Case and family, Mr. and Mrs. Roy West, Mrs. Case, Mr. and Mrs. Harry York and son Harold of Greenwood, Mr. and Mrs. Solomon Wainwright, Mrs. Mae Ealey and daughter Constance and son Kingston and Miss Eva Bailey, all of Osgood, Ind.

Honoring Miss Justine Brown of Fairview, Miss Dora Mull, daughter of Mr. and Mrs. Bert Mull living southwest of the city, who is attending Central Business College in Indianapolis is entertained a number of her friends with a six o'clock luncheon Sunday evening at 2210 North New Jersey street, Indianapolis. The affair was in honor of Miss Brown's twentieth birthday. Covers were laid for Miss Brown, Miss Gladys Talbert of Vincennes, Ind., A. Tingle of Fairview, Herald Shaffer of English, Ind., and Clarke Trittschne of Tipton, Ind.

Honoring the inquestress, Miss Harriet Bowman of Muncie, Mrs. Russell Kirkpatrick assisted by Miss Jeanette Clark entertained the members of the Psi Chi Xi sorority last evening at her home in North Harrison street. Following the regular business meeting, an informal reception was given in Miss Bowman's honor, during which the hostesses served a dainty luncheon. The out-of-town guests included Mrs. Alma Green Logan of Clarksville, Mrs. Fanny Gregg Hamilton of near Greensburg, and Mrs. Frances Frazer Drum of Miles City, Montana.

Mrs. Manley Pearce entertained at her home, 1102 North Main street yesterday afternoon from 2 to 5 o'clock, with a four course luncheon honoring her house guest, Mrs. C. H. Grogan of Dallas, Texas. The color scheme of yellow and lavender was carried out in all the appointments. The small luncheon tables were centered with a French basket filled with jonquils and lavender sweet peas and tied with lavender tulle. The guest favors were lavender sweet peas. During the afternoon the guests were entertained with readings given by Miss Lavina Compiton. Those participating in the affair were Mrs. Guy Abernethy, Mrs. Ned Abernethy, Mrs. Ernest R. Thomas, Mrs. A. L. Allen, Mrs. Will Sparks, Mrs. Robert L. Tappan, Mrs. Sam Innis, Mrs. Will Kirkpatrick, Mrs. J. T. Arbuckle, Mrs. Grant Gregg, Mrs. Ferd Reithorff, Mrs. A. L. Stewart, Mrs.

THE "BLUES"

Caused by
Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid stomach. Not is it to be wondered at. Acid stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, bloating, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. The blood is impoverished. Health and strength are undermined. The victim of acid stomach, although he may not know the cause of his ailments, feels his body, and ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid stomach!

Get rid of this Don't let acid stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC that brings such quick relief from your stomach troubles—acts your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vision, vitality, and a good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvellously helpful results that we are sure you will get a big benefit if you will try it. Get a big 50 cent box of EATONIC—the good tasting tablets that you eat like a bit of candy—from your drugstore today. And you will return your health and energy and feel even better than you expect.

Lindsay Pearce Cain and the honored guest, Mrs. C. H. Grogan.

The Ladies Aid Society of the Pleasant Ridge M. E. church will meet tomorrow afternoon in the parlors of the church for an important business session. All the members of the society are urged to attend.

Mr. and Mrs. Clem Woods entertained with a prettily appointed dinner party Sunday in honor of their thirty-first wedding anniversary. Those enjoying the affair were Mr. and Mrs. Frank Hinton of St. Paul, Mr. and Mrs. Will Creek of Anderson, Mr. and Mrs. Frank Carr and son William Franklin, Mr. and Mrs. T. R. Lee and daughter Mabel and son Harlan, Mr. and Mrs. Roy Miller and son Oren, Mr. and Mrs. Oscar Miller and Eugene Eskew.

BOAZ DEMAREE GOES ON TRIAL

Continued from Page One

woman was selling some stolen wearing apparel. It is said, which was the property of the Dean family of this city, in the city of Elkhart, and detectives at once planned a raid on the house in which the Greensburg woman lived.

When the raid took place it was on the residence of Boaz Demaree, and local officials together with Decatur county officials and the detectives, made a search and found in this house many of the stolen articles, belonging to the Dean family and razors and pocket knives belonging to the hardware store in Carthage. These articles have been identified.

Boaz Demaree was arrested and brought here, and since then developments have come fast, and other arrests have been made. Recently while searching the property in Greensburg, the mysterious disappearance of the whiskey barrel was brought to light, when the barrel was dug up from the ground, where it had been buried, but only a small portion of the whiskey was left.

The defendants were all charged jointly with the conspiracy charge, alleging that they each and severally agreed and entered into a compact to steal and sell stolen goods. The charge was later changed so that each defendant could be tried separately.

A special venire of 25 names has been drawn for the case, as some trouble is expected in obtaining a jury. Many witnesses for the defense have been summoned and Demaree will put up a big fight to gain his freedom.

Judge Fremont Miller of Franklin will hear the case, being appointed as special judge. Every city in eastern Indiana will watch the case with interest.

Would Rather Fight Than Work

"I suffered for years with stomach trouble and could not eat and just hated for anyone to say work to me. I would rather fight. Since taking a course of Mayr's Wonderful Remedy I actually want to work, and talk about eat, I am the last one to leave the table now." It is a simple, harmless preparation that removes that catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Drugists Everywhere.—Adv.

SENIOR CLASSES ANNOUNCE PLAYS

"And Home Came Ted" Will be Presented at Milroy And "Miss Somebody Else" at Manilla

TWO PERFORMANCES OF EACH.

Both Will be Given Friday and Saturday Nights of This Week—Cast of Characters

The senior classes of the Milroy and Manilla high schools will give their class plays next Friday and Saturday. It so happens that both schools selected the same dates and that both have arranged for two performances.

"Miss Somebody Else", a comedy in four acts, is the title of the four-act comedy which the Manilla seniors will present. "And Home Came Ted", a mystery comedy in three acts, will be presented by the Milroy graduates.

In "Miss Somebody Else", which will be given in the Manilla school auditorium, a detective affair with a setting of the present day among a social set composed of interesting as well as amusing individuals, furnished the plot for the play. The role of the detective is played by Miss Charlotte Trees who takes her part with a great deal of vivacity. Wit, comedy and clever acting add to the success of the production.

The cast of characters follows: Constance Darcey, the brilliant young daughter of Harver Darcey, a multi-millionaire mine owner and proprietor of the Darceyville Copper Mills.

-----Lottie M. Trees.

Celeste, a vivacious French maid in the employ of Constance

-----Lova Billman.

Ann Delavan, a reduced gentlewoman, manager of the Tuxedobrook Club House

-----Evalena Macy.

Mildred Delavan, eighteen-year-old daughter of Ann and Jasper Delavan

-----Geralline Phares.

Mrs. Blainwood, society leader of Tuxedobrook

-----Mildred Hester.

Fay Blainwood, Mrs. Blainwood's debutante daughter

-----Opal Mull.

Alice Stanley, a graceful society girl

-----Faye John.

Freda Mason, a typical society girl in appearance

-----Geneva Mathews.

Mrs. Herrieks, a beautiful young society matron

-----Emma Brown.

Susan Ruggs, Mrs. Delavan's maid-servant. She is of a melancholy disposition and uncertain age

-----Vida Frow.

Cruger Blainwood, Mrs. Blainwood's only son, a fine type of young American manhood

-----Ralph John.

Ralph Hastings, a young crook. He is exceedingly well groomed, and has easy, attractive manners

-----Henry Handly.

John, chauffeur to Constance

-----Vaughn Hutchens.

Jasper Delavan, an elderly scientist

-----Virgil Brown.

Sylvester Crane—Jefferson Brown

Bert Shafer, member of younger society set of Tuxedobrook

-----Howard Meid.

The reception room and office of the Rip Van Winkle Inn in the Catskill mountains forms the setting for "And Home Came Ted", and the action covers a period of twenty-four hours. The play is in four acts and the cast of characters is as follows:

Skeet Kelly, the clerk—Chester Richey.

Diana Garwood, their heiress—Gladys Downs.

Miss Logan—Mrs. the spinster—Pearl Brooks.

Ira Stone, the villain—Paul Scright

Agent Infiller, the cook—Florence Doan.

Mr. Mann, the master—Harold McCullough.

Jim Ryker, the lawyer—Charles Updike.

Mollie Macklin, the housekeeper—Ruth Marsh.

MISSIONARIES GET SALARY INCREASE TO MEET H. C. L.

New World Movement Will Provide Funds to Relieve Distress of Workers in Foreign Fields

In Egypt and India, the lands of few clothes and simple living, missionaries have been hard hit by the increased cost of living and the announcement just made by Mrs. J. D. Sands of Pittsburgh, Pa., president of the Women's General Missionary Society of the United Presbyterian Church that an increase of one-third will be granted in the salaries of all home and foreign missionaries will be welcomed by the hundreds of workers of this denomination in Africa and Asia, as well as America.

The high cost of living has hit the missionary in common with every one else and workers in the home and foreign fields have protested to headquarters that they cannot live on the \$600 yearly that each one now receives. Missionaries in addition to their salary get living quarters.

The increase will affect 105 workers in India, Egypt and the Sudan as

MRS. J. D. SANDS

well as the home missionaries and those in the work for the freedmen's board.

The summary of the foreign budget of the women's missionary society for the five year program planned by the New World Movement calls for the expenditure of \$1,054,800 for salaries alone for the mission workers. It is planned that \$210,000 will be spent for increases in salaries of 105 women missionaries during the five year period and \$844,800 will be spent for salaries for 202 additional women workers that the United Presbyterian Church hopes soon to be able to put into the home and foreign mission fields.

CHURCH WILL BUILD COMMUNITY CENTERS IN ASIA AND AFRICA

The community center movement has spread from America to the land of the pyramids. Fifteen community centers will be erected in as many towns in Egypt by the Women's General Missionary Society of the United Presbyterian Church, says Mrs. J. D.

How to Lower Your Meat Bills

Hints From the Department of Justice

HOUSEWIVES BUY LAMB AND MUTTON UNWISELY.

The Eat More Lamb campaign which is being conducted throughout the country at the present time before colleges, domestic science schools, women's clubs, various institutions, public schools, meat markets, etc., has brought before the general public the value of lamb as a food product, but especially has it demonstrated the value and economy of the cheaper cuts of lamb which have been neglected. It has been a contention of the retailer for years that a great part of the fore quarter—the neck, shoulder, shank and breast—must be sold at a loss or eventually reach the scrap or bone box.

Some retail butchers bone out these cheap fore-quarter cuts, put them through the meat grinder, season them and mold them up into lamb patties, putting a strip of bacon around each one, leave them in the cooler overnight and sell all of them next day at good prices. Many butchers could sell more than they can supply. The butcher has thus turned into an asset or profitmaker that portion which has heretofore been considered a loss.

Stenks and roasts can be had from the shoulder, lamb rolls from the neck, breast and shoulder, and neck slices are obtained by cutting the neck in sections crosswise, so that the meat has the appearance of chops and is a very inviting dish when used as a stew or potted lamb en casserole. The cheaper cuts of lamb are made from the breast, shoulder, shank and neck which combined are about 18 per cent of the lamb.

Lamb is a healthful food for all people. It is very nutritious, wholesome and palatable and in caloric value it is equal or superior to any other meat.

The boned and rolled shoulder mentioned above is used for roasting purposes; it can also be cut to any desired weight or can be sliced into Saratoga chops.

United States government statistics tell us that each year the average housewife buys for every person in her household only about 5 pounds of lamb as compared with about 71 pounds of pork and 67 pounds of beef. If all American families used lamb one day a week it would mean more than 20 pounds of lamb annually per capita, or four times the present consumption.

More than that, the head of the family, who pays the bills, would no doubt

encourage purchasing the cheaper lamb cuts instead of merely a few chops at a time. A shoulder of lamb, being smaller than the average beef joint and less expensive, should appeal especially to small families.

The marketing expeditions should be an education in economy.

It usually pays to shop before you buy.

It usually pays to do your marketing personally rather than telephone your order.

Lamb steaks and lamb chops take but a few moments to cook, but they are the most expensive cuts. As a lamb is not all chops and steaks, other and less expensive parts of the animal must be used and can be made into tasty dishes. Breast of lamb contains more meat than bone, yet it often sells for half the price of pork spare-ribs, and some retailers on account of a limited demand for the fore-quarter cuts find it necessary to convert these cheaper cuts into sausage in order to sell them at all.

Lamb is a somewhat seasonable meat, by far the greater part of live lambs reaching the market during the latter half of the year. In the spring around Easter time, lamb may be as high or higher than other meats. In the fall and early winter it is nearly always much cheaper.

The following average prices compiled by the National Wool Growers' association from representative retailers throughout the country show comparative levels of the different meats in the fall season as they occurred in the middle of October, 1919. These figures are not applicable now, except that they emphasize a typical relationship:

Lamb—Leg, 37 cents; loin, 44 cents; shoulder, 27 cents; rib chops, 46½ cents.

Sheep—Leg, 29 cents; loin, 28 cents; shoulder, 10½ cents; chops, 35 cents.

Pork—Loin, 43 cents; fresh ham, 35 cents.

Beef—Sirloin, 45 cents; porterhouse, 48 cents; tenderloin, 50 cents; round steak, 38 cents.

These prices were for the best-quality meats in all cases.

Mutton Stew With Barley.

Cut meat from neck or breast into small pieces. Put in kettle with water to cover. Use about 1½ cupsful water to a pound of meat. Add onions, carrot, salt and pepper. For each pint liquid add 1-3 cup pearl barley. Simmer gently two or three hours.

Sands of Pittsburgh, Pa., president of the society. Although all building materials are unusually high now in Egypt the organization plans to erect the community centers at a cost of not more than \$20,000 each.

The community center has been found a most necessary part of the modern mission and efficient mission. The fifteen buildings planned will be erected during the next five years, says Mrs. Sands. This work will be a part of the New World Movement program for enlarging the scope of the mission work abroad.

There is one community house at present, situated at Benha, Egypt, and all the new missionaries who, called for Egypt last fall and early this spring, will remain at Benha for one year while they are studying the language.

Good Subject for Worry. Folks who have nothing else to worry about might consider the statement of scientists that the sun will get cold in 12,000,000 years.—Des Moines (Ia.) Register.

The missionary society, Mrs. Sands says, expects to recruit a large number of native women who will be trained in mission work and these will live at the various community houses while they are receiving their training. It is expected that the largest training school will be located at Cairo and smaller centers will be placed in other cities and towns.

In addition to the \$300,000 to be spent for building these centers the women of the organization plan to build five boarding schools for girls in Egypt, at a total cost of \$229,000 and one sanitarium to cost \$96,500. Altogether the budget for extended work in Egypt during the next five years calls for an expenditure of \$625,000.

This sum will be apportioned from the \$16,715,000 fund that the United Presbyterian Church will raise, during its financial campaign which will run simultaneously with the Interchurch World Movement campaign from April 25 to May 2.

Buckeye Fans Are to See Another Dream Come to Pass by Having The World's Series

DOPE SEEMS VERY PLAIN

Nothing to Date Seems Strong Enough to Keep Indians Out of The First Hold

By HENRY L. FARRELL
(U. P. Staff Correspondent.)

New York, April 13.—Ohio will be the baseball capital next fall, the oracles of the diamond say.

Having satisfied a desire of 50 years last year when the Reds won the National League pennant, the Buckeye fans are to see another dream come to pass by having the world's series in an all-Ohio affair, the dope seems to point.

To those who come at him with mitt outstretched and nice words of congratulations, Tris Speaker, who starts his second season as a big league manager says:

"Not so loud. Maybe you're right but I don't want the boys to get full of that cinched-pennant stuff."

Speaker is right. The Cleveland Indians haven't cinched the American League pennant. But if they don't land first on the heap, the young leader of the Dunn tribe is going to have some fall explaining to do.

The dope seems plain as a nose on the face. The White Sox won the pennant last year and the White Sox are broke this year. The Indians ran them such a close race last year it is doubtful if they would have been able to hold the lead over the regulation 154 game schedule. The Indians are just as strong if not stronger than they were last season. Nothing to date seem strong enough on paper to keep them out of the first hold.

Detroit and the New York Yankees will fight it out for second place. Hugh Jennings and Miller Huggins say so. O. F. D. However, it looks to be right. If the Tigers had a dependable pitching staff, something they have lacked for years, they would be right on the Indian's heels. The Yankees are strengthened on the offense by the acquisition of Babe Ruth but they are just as slow afoot as they were last season. They have a good pitching staff.

Jimmy Burke and his Browns may land in the first division in the place of the demoralized White Sox. With Buck Weaver, Chick Gandil and Swede Risberg gone the plight of the Sox is a sorry one. The Boston Red Sox didn't profit much by their two big deals and Clarke Griffith didn't have time enough under his new regime as president of the Washington club to get some players he was after. Connie Mack has a team of extremely young players that may be a surprise and null the Mackmen out of the cellar this season.

C. & NW. WOULD BUY 11 BABY RAILROADS

May be Bought Outright if Officials Can Prevail on Stockholders to Take up Matter

LOCATED IN MIDDLE WEST

(By United Press.)

Chicago, April 13.—Eleven baby railroads may be bought outright if officials of the Chicago & Northwestern railroad can prevail on stockholders meeting here today to take up the matter.

The railroads which are serving as branches of the Northwestern are scattered throughout the Middle West and are sought by the Northwestern to be included in its assets.

The railroads are:

Wolf River Valley Ry. Co., Belle Fourche Valley Ry. Co., James River Valley and North Western Ry. Co., Macoupin County Extension Ry. Co., Iowa Southern Ry. Co., Missouri Valley and Blair Ry. & Bridge Co., Wyoming & Northwestern Ry. Co., Pierre, Rapid City and Northwestern Ry. Co., Pierre and Fort Pierre Bridge Ry. Co., and The De Pue, Ladd and Eastern R. R. Co., and The Albany Railroad Bridge Co.

At the offices of the Northwestern

I'M WELL! YOU WELL?

STERIZOL PREVENTS DISEASE

The fine steels in a MAXWELL stir your enthusiasm!

Ride in a Maxwell and your enthusiasm is stirred for this commendable car.

You attempt to search for the cause and you find it in the steels used in the Maxwell. Those fine steels that give rare strength.

Such steels take the burden of dragging around useless weight from the engine, providing brilliant performance.

Pound for pound the steels in a Maxwell equal those in any car built.

The Maxwell construction, employing these fine steels, results in a light-weight car, that gives not only brilliant performance, but the rare combination of durability, economy and comfort.

Today nearly 400,000 Maxwells may be seen on the world's highways. 100,000 more are in process of construction.

Still this will supply but 60% of those who have set their minds on a Maxwell for 1920.

here today it was stated that the object of taking over the roads is for bookkeeping purposes.

"All these roads are controlled by the Northwestern but the company is preparing to negotiate a loan and wants to include these roads in its available assets," it was stated.

The Lomer Armored Tire Is Not An Experiment

THE LOMER ARMORED TIRE CO. is building a factory in New Castle, Ind., to manufacture a patented tire. It is an evolution in tire building—a tire with air on the inside and rubber on the outside, just as your tires are. It is different only because it has cross courses of wrapped cable wire passing from side to side in the tire and imbedded in rubber, instead of cotton cord, used in the same way. It will NOT PUNCTURE, BLOW OUT OR RIM CUT. Tire has been built and subjected to the severest road test; it has been passed upon most favorably by experts. The tire is covered by a basic patent owned by the LOMER ARMORED TIRE CO.

This organization consists of Bankers and Business men of New Castle, men you probably know, who manage and control the Company. Fortunes have been made in the tire business in the past few years:

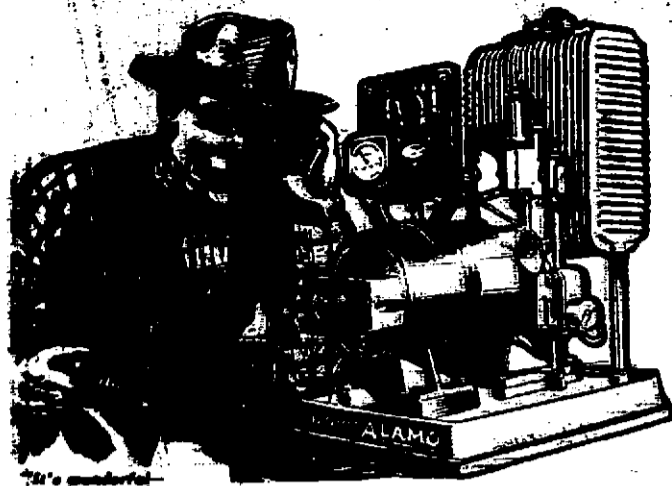

\$100 Invested in Fisk Tire Company has earned	\$12,000
\$100 Invested in Diamond Tire Company has earned	\$15,000
\$100 Invested in Goodyear Tire Company has earned	\$25,000
\$100 Invested in Dunlop Tire Company has earned	\$50,000
\$100 Invested in Goodrich Tire Company has earned	\$69,600

Now if these Companies, all engaged in KEEN COMPETITION, all making practically the same kind of tires, can return millions yearly in dividends to their stockholders, ask yourself then what returns can you reasonably expect from the Lomer Armored Tire Co., engaged in the manufacture of a tire that will not PUNCTURE, BLOW OUT OR RIM CUT, and without COMPETITION. You will buy these tires, so will everybody else.

The factory is building, machinery on ground. It is expected to have factory running in September. Shares now selling. INVESTIGATE. In so doing, you incur no obligation. Literature and information cheerfully furnished. Write, call or phone

Electric Light and Power For the Farm

Install the Celebrated

Silent ALAMO

Electric Light and Power Plant

Selecting an electric light and power plant is a serious proposition. You should know how to do it wisely. You know, for instance, that the engine is the most vital part of any plant and that severe vibration which racks the engine to pieces is a menace always to be avoided.

No Vibration—No Noise

The Silent Alamo has a noiseless sleeve valve motor. It is the most efficient and durable running type of motor ever built. In addition, there is no dangerous vibration in the Silent Alamo. Thus the efficiency of the motor is maintained, and steady, reliable service assured.

See a demonstration of this remarkable plant now. Learn for yourself why it is preferred everywhere. If you cannot come in today, please write for a representative.

"WHISKEY RING" CASES STARTED

Federal Grand Jury Takes Up Sensational Exposure of Graft in Indiana Today

OCCURRED IN EVANSVILLE

Whiskey Ring Was a Group of Men Organized to Carry on Illicit Liquor Traffic.

Indianapolis, Ind., April 13—The federal grand jury which was impaneled here a week ago today, took up the Evansville "whiskey ring" cases, said to be the most sensational exposure of graft and corruption in Indiana for many years.

L. Ert Slack, former U. S. district attorney, is special prosecutor appointed to press the Evansville cases. It is expected the presentation of evidence will take more than a week and that dozens of witnesses will be called from Evansville. The alleged "whiskey ring", it is said on good authority, involved public officials and political leaders of Evansville.

The whiskey ring was an alleged group of men organized to carry on an illicit traffic in liquor between Henderson and other points in Kentucky and Evansville. This traffic is said to have been carried on for more than a year after April 1, 1918, when Indiana went dry. After that date, it was violation of the Reed amendment to transport liquor from a wet state into a dry state.

A well-organized "protection system" is said to have existed to give absolute freedom of movement to the smugglers.

For more than two months, C. W. Green, and R. W. Smith, department of justice operatives who dug up much of the Newberry election evidence in Michigan, have been at work in Evansville gathering evidence for the grand jury. Their work is about closed now, and they are said to be ready to make a detailed report to the district attorney, who in turn will present it to the grand jury.

Gained Weight Like Young Pig Says This Woman

Tips The Scales With Increased Avoidupolis Since She Began Taking Trutona

Terre Haute, Ind., April 12.—"I know that Trutona is all and more than is claimed for it," says Mrs. Ella Brewer, a well-known Terre Haute woman, who lives at 2412 South Third street. Mrs. Brewer's experience with the perfect tonic follows:

"My system had been in a run-down condition for the past three years. My kidneys and liver were out of shape, especially my liver which was very sluggish. I suffered almost constantly from headaches. My appetite was poor and if I ate half as much as I do now, the food would cause gas formation in my stomach which effected my heart. My tongue was always coated, and I began to feel like a nervous wreck. I could sleep but a few hours at night and often awakened with severe pains striking me in the small of my back."

"When I began taking Trutona I weighed about 104 pounds, but today, I tip the scales at 118 and I'm still gaining weight like a young pig. But that's not all, I haven't any more headaches and my kidneys are in as good shape as they were back in my school days. I sleep like a baby and can eat anything I want to."

"My neighbors all tell me I'm looking better than ever before, and I tell them I certainly feel as good as I look. When I see how much Trutona has done for me I know it will help others, and for that reason feel it my duty to recommend this wonderful medicine."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. It has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is now being introduced and explained in Rushville at Hargrove & Mullin's Drug store. Adv.

DANCE FOR LEGIONAIRES

Invitation From Greensburg Post Received by Rush Post No. 150

Philip B. Stapp, commander of Joe Welsh post No. 129, American Legion, of Greensburg, has extended an invitation to the officers and members of Rush Post No. 150 of this city, to attend a big American Legion dance at Dalmberg's hall in Greensburg Thursday evening. The dance will be in honor of the American Legion and will be free to all Legionnaires.

All that is required, according to a written invitation received by Perry O'Neal, commander of Rush post, is that members of Rush post present their membership cards to one of the Greensburg post officers who will be at the door.

when Indianapolis meets Toledo.

While the college and high school
athletes have been forced to prac-
tise baseball in their gymnasiums
because of cold weather the profes-
sional leaguers have been getting in
shape in the sunshiny south.

Indiana baseball fans are going to
have some team this year. W. C.
Smith the new owner of the Indian-
apolis club, bought out G. G. Mc-
Gill and has spent gobs of dough to
get a good team together.

Indianapolis appears to have the
best infield in the American Asso-
ciation.

Covington is covering the first
sack and his ability with the bat is
well known. Wolf probably will be at
second in the opening game. Schrei-
her will be at short; Omara at third,
rounds out what local fans claim is
the fastest infield in the American
association.

Behind the plate this year will be
Gossett. He is the "war horse" of the
team. His ability to slam the pill with
the big stick adds to his value. Hen-
line is the second string back stop-
per.

Four of last years' pitching staff
are back. Caver, Crum, Rogge and
Adams. Adams is in better shape,
having fully recovered from the
wound he received while fighting
in France. Then there is Murray a

new pitcher who was by far the
best of the new try outs and who
bids fair to worry several American
association batters.

Out in the gardens Zwilling is hol-
ding the center field job. He is a
heavy hitter and a fast man. Rehg in
left is another regular back in the
fold this year. There is an interest-
ing fight going on for the right field
position. Shinnors and Emerich both
are right fielders. Shinnors is a big
fellow with a world of speed. He is
semi-pro from Milwaukee, and he
has proved to be a good judge of a
fly ball.

Americh was obtained from Phi-
ladelphia. He played in the minor
leagues a year ago and is fast at
running bases and seems to know
how to hit.

To Preserve Ferns.

There are at least two very satis-
factory ways to preserve maiden-hair
ferns. One is to dip the ferns as soon
as gathered in perfectly limpid gum
water. This should be done very care-
fully. After allowing them to drain
for two or three minutes, arrange in a
vase to dry. Another very good way
is to put the ferns, when first gathered,
between two clean sheets of blotting
paper. Lay between boards and press
for a week or so.

Lift off Corns!

Doesn't hurt a bit and Freezone
costs only a few cents.

With your fingers! You can lift off
any hard corn, soft corn, or corn between
the toes, and the hard skin calluses from
bottom of feet.

A tiny bottle of "Freezone" costs little
at any drug store; apply a few drops
upon the corn or callus. Instantly it
stops hurting, then shortly you lift that
bothersome corn or callus right off, root
and all, without one bit of pain or sore-
ness. Truly! No humbug!

WATSON GETS BIG OVATION

Returns From Maine Where He Ad-
dressed State Convention

Washington, April 13.—Senator
Watson has returned from Bangor,
Me., where he was given a great
ovation when he addressed the Re-
publican state convention. The In-
diana senator has a big following of
admirers in Maine and the recep-
tion he received on visits to that
state is almost a sentiment as
that accorded him in his own home
state. Maine Republicans like the
Watson brand of Republicanism and
oratory, according to the Maine
newspapers. United States Senator
Fernald of Maine, announced sev-
eral months ago that he favored
Senator Watson for the presidential
nomination, though, of course, Mr.
Watson is not a candidate for any-
thing except to succeed himself as
senator.
